NO REMARKS

ROLL CALL 12 YEAS, 0 NAYS

CLERK TIMBERLAKE: Twelve yeas, Mr. President.

PRESIDENT SCHULMAN: The motion carries. Rule 22A is suspended and the Ordinances and Communications are a legal part of your agenda.

PUBLIC HEARINGS

PRESIDENT SCHULMAN: We turn now to Public Hearings. We have no Public Hearings this evening.

OLD BUSINESS

PRESIDENT SCHULMAN: We're now under Old Business. Chief of Staff Price do we have any Old Business to address?

CHIEF OF STAFF PRICE: We don't from last week. Thank you Mr. President. I did want to update Council and the public on a Communication we received today. I am pleased to announce that according to Chief McKimm the I-Spy cameras are up and running thanks to working out the internet issues we had. So those are up and running. The Safety Director's not here, he's out of town for a family issue. The Chief, actually I'd be happy to talk to you privately but, the Chief actually listed the locations there in now. I honestly don't know that I should disclose those publicly. I don't know if that's a secret or not but they are up and functioning on line and being recorded so we have those working. Thank you.

PRESIDENT SCHULMAN: Thank you Director Price.

PUBLIC SPEAKS

PRESIDENT SCHULMAN: We are now under Public Speaks and we have three speakers that will speak this evening. The first is Bob Malley. Mr. Malley if you'll step..hope I'm pronouncing your name right. Are you here? OK, I do know John Swartz is here. Mr. Swartz, good evening. If you'll step forward and give us your name and your residential address and it's good to see you moving as well as you are. Just move a little quicker, that's all I ask.

JOHN SWARTZ: President Schulman, is this on?

PRESIDENT SCHULMAN: Yes.

JOHN SWARTZ: And Council persons. I think everybody here, well I'm not going to say that, I'll just ask a question. How many people here have been to First Friday? OK well this is a boom time because December 2nd we're having Lighting up the City downtown, which is an incredible experience but the second or the First Friday will have some very interesting things and what we're going to do tonight is talk about one of the great people. You'll notice the Repository lately has been focusing some of the great people of the past. Today Alan Page was in there, who was a fellow alumnus of mine. But anyway, what we're doing is the second Pulitzer. The first one I think everybody'd know is Don Mellett. You know Don Mellett. He first of all had a mall named after him and they redid the building which is the Daily News. They did a gorgeous job of redoing that building. But what First Friday generally does, is focuses on one great from the past and what we're going to do this time is the second Pulitzer. Now he's unheard of and most people don't know who he

MINUTES OF THE MEETING NOVEMBER 22, 2010

is, his name is Charles R. Macauley but Macauley cartooned all through grade school and through what was the old Central High School and then got a job at the Dueber Hampton Company and he started cartooning, sending these things to different places and he won an award with the Cleveland Press. Meantime he did about a dozen cartoons for the Canton Repository and he actually pursued this. In 1893 or 1899 he went to the Philadelphia Enquirer and did, these are, four colored cartoons only began in 1893 and this is an example of, we've got 8 of these on display but this is the kind of thing he did back in 1899 or this is 1900 and basically it's a political cartoon on William Jennings Brian who was constantly running for office. At any rate if you want to see these afterwards, I'll have them in the back and we have a little brochure that you'll get when you go there that explains the whole display. But there are at least 35 maps with different cartoons on them and those will be on the central part of the Canton Museum of Art. At the same time, there's going to be a some of the really great possessions that the private collection of the Art Museum and the third thing is going to be done by our great photographer in town, Steve, what's Steve's last name, that's terrible, but he's going to be doing a huge display of his beautiful nature photography. In any case, make it a point to go to First of the Art Museum and you'll get a little map and you can follow it through downtown and there's free wine and cheeses and little appetizers as your going through. There's different music groups down there. It's just a wonderful evening and there's always something for kids, so make it a point to try to be a part of that because I think I've missed about five of them and I went in a wheelchair with the help of somebody here. With a walker another time and finally I can walk, so make it a point to do that. Celebrate the great people of the city and we've got some great ones. Thank you.

PRESIDENT SCHULMAN: Thank you John, very much. (*APPLAUSE*) If we could have a resident historian John, you would be the person I would select. Thank you so much. Our next speaker and I do apologize I'm going to do the best I can on the last name, I just can't read it. Bob Breaneal. I should know you. What, how do you pronounce your last name?

BOB BRAZEAL: My last name is Brazil. I had my hand shaking a little bit.

PRESIDENT SCHULMAN: Oh, that's right, OK. You're going to have to write more legibly. I apologize. Good evening. Give us your name and your residential address please.

BOB BRAZEAL: My name is Bob Brazeal. I live at 148 Fawcett Ct NW, Canton, Ohio of course. Tonight it's nothing major. I just wanted to hand out some invitations that I'm going to pass around here. We're having a little holiday dinner. It's going to be on the 12th and anyone in the Committee is definitely invited to come. Bring your significant other if you chose and it's just our way of saying thanks.

PRESIDENT SCHULMAN: Great. Thank you very much sir. We appreciate it. (*APPLAUSE*)

INFORMAL RESOLUTIONS

PRESIDENT SCHULMAN: We're now under Informal Resolutions and it's always kinda sad to hear about somebody's retirement but for the work that they've done for our community it's wonderful so would you please read Madame Clerk, Informal Resolution 57.

have done everything that we can over the past 26 years to ensure that Canton is a, an even better place to live by helping people get their lives together and just because we're retiring does not mean that we're going to not continue to do all that we can to continue to help people. If you guys all see in the Fire for some reason shows as zero, it is supposed to be \$381,280.00. That was not changed but when it was printed out for some reason that turned into a zero. So per the Law Director....

MEMBER WEST: Excuse me, we can't hear you. We can't hear you over here.

FINANCE DIRECTOR ALGER: Oh, sorry. On the Appropriation Transfer for the two, for the Fire, it for some reason printed out as zero. For \$105,818.00 to an employee, a person for a part-time position, all our other Department Heads are full-time. I think that this warrants a full-time position and what are we saying to our other Department Heads that are asked to be doing less, more for less. And I'm aware that if this Honorable Body would in fact vote this Ordinance down that the Mayor could have it the responsibility of appointing this person and I don't have a problem with that, if he so chose to do that, then he can explain to the general public how he feels. He can have a person for \$105,000.00 serving in a 32 hour capacity. And I know a lot of people say it would cost a lot more because of the fact you'd have to pay pensions and benefits and what have you, but I also asked for the qualifications for this and I've heard a lot of people think you've got to be this and you've got to be that and if the people would have it here, I was amazed at what really

MINUTES OF THE MEETING NOVEMBER 22, 2010

would deem a person to hold this position. And I think it would behoove us to circulate it and see that we could have somebody from the city or the county in this position. Not necessarily somebody from Summit County who also is serving under five different other entities and I cannot support it because as I said before, it's a employer's market and I think we ought to do some shopping around and get the best person for the job and I don't feel this is the best person for the job. Thank you.

PRESIDENT SCHULMAN: Do you have the list Member Cirelli of the other employment that the Director has?

MEMBER CIRELLI: Pardon me sir.

PRESIDENT SCHULMAN: Do you have a list of the other jobs that Director Cavanaugh has at present?

MEMBER CIRELLI: Don't have it with me. You mean the people she serves underneath.

PRESIDENT SCHULMAN: Yes.

MEMBER CIRELLI: Yea, I've asked for all that and I have that.

PRESIDENT SCHULMAN: Now you said had five other jobs.

MEMBER CIRELLI: No on the, these are five other jobs outside of the City of Canton that she, oh I'm sorry, I can read that to you. By the way, she provided this for me. Massillon, Aurora, Barberton and Doylestown, North Canton and she was just contracted with Medina also.

PRESIDENT SCHULMAN: Alright, thank you.

MEMBER CIRELLI: Thank you.

PRESIDENT SCHULMAN: Member Smuckler.

MEMBER SMUCKLER: Mr. President I too have a problem with this based on the fact that I'd like to be sharing this with the county right now. And I think that the county situation and our situation are pretty similar if not one of them being worse and I think that we should be sharing these responsibilities. We should be consolidating and I too cannot support this.

PRESIDENT SCHULMAN: Member West.

MEMBER WEST: Yes a question to the Service Director or the Law Department. Member Cirelli mentioned something around the qualifications for a CBO is that different than what we had talked about earlier or last week?

PRESIDENT SCHULMAN: Director Price.

SERVICE DIRECTOR PRICE: Thank you Mr. President. There are, Angela Cavanaugh performs two functions. She is the Chief Building Official of the City of Canton which requires her to have certain qualifications. She also reviews plans for the City of Canton. That involves a separate set of qualifications.

MINUTES OF THE MEETING NOVEMBER 22, 2010

I don't know if that answers your question but she is doing two separate things for us, plan review and she's acting as our Chief Building Official.

MEMBER WEST: So are those both required by law to have on, on staff.

SERVICE DIRECTOR PRICE: Yes. Well not on staff. We are required by law to perform those functions so whether we do it with full-time or part-time employees of the city or if we just contract that out. That's up to the municipality.

MEMBER WEST: And also Law Director, earlier you made an amendment to the contract to read that there's an out or a cross 60 days on our behalf as well as hers, is that correct?

PRESIDENT SCHULMAN: Law Director Martuccio.

LAW DIRECTOR MARTUCCIO: Mr. President, Member West, thank you for the question. I apologize for the amendment coming down Clerk. It was requested and on it's way before I found out we had already, there was no need for the amendment. Essentially what the personal services contract provides for between the city and Miss Cavanaugh would be that it's a one year contract, 1/1/11 to 12/31 for that figure, \$105,000.00+. I was inquired as to the termination portion of it. There are two ways that this contract can be terminated. One is if one party thinks the other party has breached a portion of it, they are given, they give the other side 30 days to fix it. That's one way it can be terminated within 30 days. The other way is either side can terminate the contract without any cause being given with 60 days written notice. So there's a no cause provision in there as well with 60 days written notice and I think that satisfied the questions that were asked of us.

MEMBER WEST: If, and maybe Law Director you could help me with this, if this does not pass tonight, then what would happen as a result of our being in compliance or how long would this take place?

LAW DIRECTOR MARTUCCIO: Mr. President.

PRESIDENT SCHULMAN: Law Director Martuccio.

LAW DIRECTOR MARTUCCIO: Member West my understanding is that effective January 1st the city would have to either hire a Chief Building Official through the Mayor's office which he has the authority to do or we would have to contract for one. We would also have to find either a person that could do both or if we could only find a Chief Building Official we would also have to contract with someone who is in, who's authorized and certified to do plans examination and approval. Now that person could be contracted for or it could be done on a part time basis as well.

MEMBER WEST: One more quick question and I'll shut up. This will be to the Service Director, last week and I thought I seen an email about it but I'm not clear in my head, but last week we talked about there hasn't really been a lot of plans that have been brought up to the city or because we haven't had a lot of building is that correct or will we need a Plans Examiner cause there's not a lot of building going on in the City of Canton right now?

SERVICE DIRECTOR PRICE: I emailed that information to the Council Clerk. I don't remember the numbers off hand and I emailed it unsolicited because I know it had been brought up by somebody and I don't remember offhand who actually kind of posed hypothetically the question but, we did I think there were 246 commercial plan reviews. There were, I don't have the numbers with me. But I think there were a

MINUTES OF THE MEETING NOVEMBER 22, 2010

substantial number of plans submitted and plan reviews done in the city. I mean, keep in mind, that you know although the economy's poor, we've had some substantial building projects in the city even despite that poor economy and also you know businesses are always putting on additions or changes uses in this volatile economy. That doesn't mean we're not doing any inspections. I think we have a healthy number of inspections that we continue to do.

PRESIDENT SCHULMAN: Anything else Member West?

MEMBER BARTON: Mr. President.

PRESIDENT SCHULMAN: Yes, Member Barton.

MEMBER BARTON: Some questions for the Service Director. I just want to make sure I understand you. This is a combined two positions and if I understand you right, this was at savings of what we had paid before, correct?

PRESIDENT SCHULMAN: Director.

SERVICE DIRECTOR PRICE: Yes, thank you Mr. President. That's correct.

MEMBER BARTON: Do you know what that amount is as far as the savings and what we saved before?

SERVICE DIRECTOR PRICE: Roughly \$40,000.00.

MEMBER BARTON: And if we had to replace this position with one or possibly two, would that contract be in line or would we actually be looking at paying more out to do that?

SERVICE DIRECTOR PRICE: If we hired a Chief Building Official and contracted out our plans review as we had done previously, my expectation would be that it, we would be at that same, we would increase our cost by probably about \$40,000.00 just based on past experience. I think the previous Chief Building Official's salary was \$75,000.00, \$79,000.00. With benefits you can add probably \$15,000.00 to that plus we haven't covered the plans review yet, so even though the number sounds high, you've got to keep in mind too that's a gross contract amount. You know Miss Cavanaugh of course is having to claim taxes out of that. That's pre-tax amount. I mean it's a contract, you know. But I would expect that we would increase costs if we went back to a full-time Chief Building Official and then had to contract out for a Plans Examiner.

MEMBER DOUGHERTY: Mr. President.

PRESIDENT SCHULMAN: Any other questions Member Barton? Member Barton any other questions.

MEMBER BARTON: No thank you.

PRESIDENT SCHULMAN: OK, Member Hawk.

MEMBER HAWK: I'm going to support this because I am looking at just the numbers on it. The numbers do make sense if we end up hiring a person and understand that the top salary paid for the (*inaudible*) could be updating \$5,000.00 on our own Ordinance. We're probably going to need the acceptance of \$75 or \$80,000.00 or higher to get someone with the qualifications that we need and add the package on to it that's

MINUTES OF THE MEETING NOVEMBER 22, 2010

much higher than \$15,000.00, could be as high as probably about 27% also the plans clause could be very beneficial to us if we decide to cover (*inaudible*)...and consolidate within the year then sharing the cost of (*inaudible*) and we would not have to add an unemployment package if we chose not to go with ...(*inaudible*). These numbers make good sense to me. They're prudent and I had the same questions but I became satisfied and feel that we are being responsible, fiscally responsible with this.

PRESIDENT SCHULMAN: Thank you Member Hawk. Leader Dougherty.

MEMBER DOUGHERTY: Mr. President if you'd have asked me a couple of months ago I probably wouldn't support this but I'm going to support this tonight. I think some changes, the problems I had with her and how she handled things have changed for the good and so I'm going to support this. I think, you know, not to belabor this but, as Member Hawk said, you know if we wanted to do this consolidation thing, then this is the situation we need to be in so that we can go with the year contract with the option in 60 days to be out of it if that's what we chose to do because we're going in another direction. I think she's in place. I've talked to different people, her employees like her, she's fair and firm with things, how she handles things so, I kinda did that background check. I'm more concerned about that and how she manages. That's very important to me. Thank you.

PRESIDENT SCHULMAN: Member Cirelli do you have anything else you wish to say?

MEMBER CIRELLI: I appreciate all the homework all the Council people's done. I've done mine too. She manages 20 union and non-union employees. You know when the cats away the mouse will play. The mouses are playing, maybe people don't want to acknowledge that, but here in our own office we have three full-time people and God bless Cindy, she manages two. And she's full-time. I just think there's a lot of things that are being, going under the carpet and what have you, being covered up and I really do not think that we should keep doing business as usual with a person we're doing business. And I really think that it is an employer's market. I think we could lower it, the price that we are paying and we would get people flocking here. Because I just read in the paper the other day that Massillon was advertising for a Director of a Museum and they had over 80 applicants so there are people out there I'm sure, that could fill this position so I don't feel that we would go very long without having people come forward and even somebody serving in this capacity for less amount of money even on a part-time basis if that's what this Honorable Body would chose. So I just wanted to state that.

PRESIDENT SCHULMAN: OK, thank you Member Cirelli. Are there any other remarks under Ordinance 22? Hearing none, Madame Clerk roll call vote please.
