

MINUTES OF THE MEETING JUNE 2, 2014

PRESIDENT SCHULMAN: Welcome to Canton City Council. We appreciate you all being here this evening and with a quorum present the Chair does call this meeting of Canton City Council to Order. Roll call vote please Madame Clerk.

ROLL CALL TAKEN BY CLERK TIMBERLAKE:

12 COUNCIL MEMBERS PRESENT: (FRANK MORRIS, CHRIS SMITH, JAMES BABCOCK, RICHARD HART, BILL SMUCKLER, GREG HAWK, THOMAS WEST, JAMES GRIFFIN, KEVIN FISHER, DAVID DOUGHERTY, JOHN MARIOL & EDMOND MACK)

TWELVE COUNCIL MEMBERS PRESENT.

CLERK TIMBERLAKE: All Present, Mr. President.

PRESIDENT SCHULMAN: Thank you Madame Clerk. We have all our members present tonight, so we'll go to our invocation which is going to be given by my good friend and Council Member, Greg Hawk, and Chairman of the Finance Committee. If you'll all stand and remain standing for our Pledge of Allegiance.

The regular meeting of Canton City Council was held on June 2, 2014 at 7:30 P.M. in the Canton City Council Chamber. The roll call was taken (see above) by Clerk of Council Cynthia Timberlake. The invocation was given by Council Member, Greg Hawk. The Pledge of Allegiance led by President Schulman.

AGENDA CORRECTIONS & CHANGES

PRESIDENT SCHULMAN: Thank you Member Hawk. We're now under Agenda Corrections and Changes, Leader.

MEMBER MORRIS: Mr. President, I move that Rule 22A be suspended to add 2nd Readings of Ordinances #17 through and 22.... and number 23 will...oh, no, I'm sorry. I apologize. *(Laughter)*.

PRESIDENT SCHULMAN: It's been moved and seconded to Suspend Rule 22A to add the 2nd Reading Ordinances 17 through 22 to this evening's agenda. Any remarks? Hearing none. Madame Clerk, again, roll call vote please.

NO REMARKS

ROLL CALL 12 YEAS, 0 NAYS

CLERK TIMBERLAKE: Twelve yeas, Mr. President.

PRESIDENT SCHULMAN: Thank you Madame Clerk. The Motion carries. Rule 22A is suspended and the Ordinances are a legal part of your agenda.

PUBLIC HEARINGS

PRESIDENT SCHULMAN: We turn now to Public Hearings and we have none scheduled this evening.

OLD BUSINESS

PRESIDENT SCHULMAN: We're now under Old Business and I'll ask the Mayor's Chief of Staff, Fonda Williams, to address.

MINUTES OF THE MEETING JUNE 2, 2014

CHIEF OF STAFF WILLIAMS: Thank you Mr. President. At our May 19th meeting, we had several people that came to public speaks to address the body. The first one was Mr. Steve Silver, who asked Council to put an actual policy in place before hiring another animal control officer. Mr. Greg Sanford talked about a couple of problem properties on Henry Avenue SW. Those have been turned into the appropriate departments. Mr. DiGiacomo had requested from the Administration to consider officers on I77 to write tickets and collect the appropriate fees. That was relayed to the Police Chief, Mr. DiGiacomo, and also, Mrs. Carol Metz had several issues. One was with the demolition status of Convoy Containers, which is still being investigated by our Law Department.and also semi trucks driving up and down Gross Avenue and 22nd Street, and that also has been discussed with our Police Department and also other various city departments. That concludes Old Business, Mr. President.

PRESIDENT SCHULMAN: Thank you very much Chief. We appreciate it.

PUBLIC SPEAKS

PRESIDENT SCHULMAN: We now turn to Public Speaks. We do have 6 public speakers tonight. If you'll all just remember that we have a 3 minute limit on public speaks. We'll all be here after the meeting to address any other concerns that you may have. Our first speaker is Patricia Kirk. Ms. Kirk, as always, welcome to Canton City Council. If you'll step forward and give us your name and your residential address, please.

PATRICIA KIRK: Hi, my name is...nothing's on....am I on?

PRESIDENT SCHULMAN: You're on....yes.

PATRICIA KIRK: Ok, thanks. Hi my name is Patricia Kirk. I live at 131 - 5th Street NE and I'm the President of Downtown Central Neighborhood Association, as you probably already know. It was really great, kind of interesting back there. It was really great to see our much needed walk-about patrol person Thursday and Friday, downtown. She covered a big area. We miss our former bicycle patrol that we used to have, a T3, 3 Wheeler was used the next day. I'd suggest getting more for the city, if possible. After all, we can afford to drench Market sidewalks, and this is true, with herbicides regularly, when people of all ages are using them and newer sidewalks are rebuilt. While broken sidewalks are kept. Now, Downtown Central Neighborhood Association has saved the city more than \$12,000.00 and just building the walls, landscaping, weeding, mulching, and planting Kresge lot as the weather makes it available. I was told, after all that work, that no flowers would be planted in Kresge lot because the Mayor would only use the water on the tree pit flowers. I called the City and asked permission to use the spigots on the fire hydrant for almost 200 flowers planted the next day by D.C.N.A. There was no return, but the next morning all spigots were removed. No water. Why doesn't the City appreciate the free labor of neighborhood associations, of which there are fewer in the City of Canton? They know what makes Canton tick. They live here. Thank you very much.

PRESIDENT SCHULMAN: Thank you, Ms. Kirk, very much. (*Applause*). Our next speaker is Joyce Angerer. I hope I've...I think I've pronounced your name right...

JOYCE ANGERER: ...Unfortunately you did....before you pronounced it...

PRESIDENT SCHULMAN: No, I...you have a fine name, I just want to make sure I pronounced it. If you'll give us your name and your residential address, please.

MINUTES OF THE MEETING JUNE 2, 2014

JOYCE ANGERER: Thank you. My name is Joyce Angerer. I live at 5801 Echodell Ave. NW, North Canton. I was born and raised in Canton and I am a member of the Canton Chamber of Commerce. I care about our city and that is why I'm here today, in response to Councilman West's request for Canton to enter into a contract for an Animal Control Officer. Since the City of Canton has a new Safety Director, I would like to provide Director Perry with some information that should be considered before approving a new contract for an Animal Control Officer. January 2012, Canton City Council was filled with citizens outraged over the killing of cats and kittens by the Animal Control Officer who was hired by the City to patrol the rodent population, which was to consist of skunks, opossums, and racoons. March of 2012, National Cat Advocate, Alleycat Allies, along with some City Council Members, Frank Morris and Mary Cirelli, held a community meeting at the Canton Library. The turnout was overwhelming, with standing room only. Councilman West was present, informing everyone he was unaware of Trap, Neuter and Return, and was open to learn more about it. The meeting ended with volunteers completing applications to help Canton implement using Trap, Neuter and Return. Through April to June, 2012, Canton Trap, Neuter and Return Sub-Committee was formed, directed by Councilman Morris along Mary Cirelli, and Health Director Jim Adams. They, along with various volunteers, of which I was one of, worked on a Trap, Neuter and Return policy. During this period, Alleycat Allies returned to offer the City free spade neutering, which resolved in fixing 108 cats and vaccination for free. Ending 2012, Councilman Morris approved the Trap, Neuter and Return policy but Canton no longer had an Animal Control Officer. I contacted Law Director, Attorney Martuccio. He advised me that the policy could be turned into rules, that could be attached to the City's new contract when the City approved hiring a new Animal Control Officer. June 2013. Request from Council to Hire an Animal Control Officer. Then Safety Director Warren Price made a request in June 11th's Repository that we need to find a more human way to deal with this problem, and it's going to require a community solution. Ending 2013, no Animal Control Officer was hired. To present, Request made by Councilman West to hire an Animal Control Officer. Including a Trap, Neuter and Return conditions, in the Animal Control Officer, would demonstrate a positive and human approach, which is what the community is requesting. I have made copies for each of you and requesting Safety Director Perry and District Attorney Martuccio help council in adapting a trap and neuter return for Canton and the community into the contract. Thank you.

PRESIDENT SCHULMAN: Thank you very much. We appreciate it. (*Applause*). And no one appreciates it more than District Attorney Joe Martuccio. (*Laughter*). Gonna change themuch better title. Our next speaker is Tracy Cotopolis. Good evening, if you'll step forward please and give us your name and your residential address, and welcome.

TRACY COTOPOLIS: My name is Tracy Cotopolis and my address is 3520 Greenhill Cabin Rd. I live in East Sparta. I was asked by a handful of my peer group (*inaudible*) in regarding the Animal Control Officer, to speak about what my group does. I'm the founder and President of Spay Neuter Ohio, which was formed as a non-profit corporation in 2011, with tax exempt status confirmed. I'm speaking to you today about our group's offerings. Spay Neuter Ohio is an all volunteer, grass roots group that provides access to low cost spay neuter services in our community. There are about 15 of us and we all work full-time or part-time jobs, but we love animals enough to give of our rare free time to provide this service. The goal for our organization is simple, to provide local low-cost spay and neuter services in our community, where boots-on-the-ground local fund-raising, along with these services, accomplish the greatest good. Here's how it works: we host clinics using one of the traveling surgical units operated by the Rascal Unit out of Dublin, Ohio. This unit provides the surgical and medical services for the animals. The 2 mobile surgical units travel throughout Ohio to provide low-cost spay and neuter and other veterinary services. On any given day, one of the units is able to spay or neuter up to 30 dogs and female cats and an additional 20 male cats, in addition to vaccinations and

MINUTES OF THE MEETING JUNE 2, 2014

flea treatments. All services are by appointment only, this is not a walk-in service. Pet owners contact us and we schedule them into a clinic. Hours run from the animals being dropped off at 9:30 and pick-up between 6 and 8. Our group handles the scheduling, all communication with the clinic participants and the finances. We found that pet owners overwhelmingly welcome this opportunity to obtain these services for their pets at reduced costs. Our clinics fill in less than 2 weeks from the day we begin accepting appointments and we usually have 5 to 10 folks on the waiting list. The majority of our clients clearly cannot afford traditional veterinary services. We receive money orders for deposits, and guardians have even brought in rolled coins to pay for their surgeries. Many are shut-in and need to arrange for friends or relatives or even Spay Neuter Ohio volunteers to help them bring their animals to our clinics. Some appointments are made by social workers whose clients are in housing situations that require their pet, often their only companion, to be altered. In many, many cases, if it were not for services like ours, their animals would not be altered. We have also hosted clinics for other local trap, neuter, and release organizations. These trap and treat clinics can halt the growth of feral colonies and stray community cats and allow these populations to reduce humanely and naturally. Promoting stable, non-breeding colonies is far more cost effective than trap and kill. It's estimated that it costs our animal control facilities between \$100.00 and \$125.00 to pick up and euthanize a feral cat while sterilizing the same animal costs \$35.00 to \$55.00 at a typical low-cost clinic. To date, Spay Neuter Ohio has hosted clinics in Stark, Harrison and Jefferson Counties and we are proud to report that we have provided over 1400 spays and neuters. We are currently in the process of researching and procuring our own mobile surgical unit by the end of the year, to better serve the needs of our community and we plan to be able to provide increased access to these services in 2015 through the acquisition of this unit. We look forward to the possibility of working with City Council to provide these services. I have some newsletters and some schedules if you're interested, more information about what we're doing. We're really trying to help locally provide access to Spay Neuter. Thank you.

PRESIDENT SCHULMAN: Thank you so much. Thank you. (*Applause*). Thank you. You and your organization for everything that you're doing. Our next speaker is C. David Morgan. Pastor Morgan, welcome as always. If you'll step forward and give us though, your name and your residential address for our record, please.

C. DAVID MORGAN: David Morgan. I live at 922 - 27th Street in the city of Canton. I'm here to commend to you again, the Beautify A Neighborhood program that you have graciously provided through the City Service Departments. Generally I tell you this is a good thing for neighborhoods and it's a good thing for us to sit down with those who work for the city and eat and work shoulder to shoulder to help a particular neighborhood, and that's all true, but I hope you realize it's also one of the best PR things that you have going for this city, because when people can talk to the folks who are actually out there shoveling the stuff into the potholes and cleaning and the gutters and noting the places that need additional work that can't be done by residents, you really get some good PR. People begin to feel like they have a city that cares about them and is willing to work with them and it's just really good PR. It goes a long ways to overcoming the stuff that gets passed around on the internet in the name of statistical analysis about cities and I would urge you to expand that program. It's limited because we've got a limited number of employees. We have a limited number of days that it can be done, but if you can expand that program, it goes a long, long way to helping the citizens of this city feel really good about being able to do something with the people who work for us to make our city better. We had a good day today and again, I commend the...particularly the workers of the Street Department for their help and for all of you have made these things possible and for those who came out today, in the Colonial Heights neighborhood. I hope other neighborhoods will take advantage of this as well. Thank you.

MINUTES OF THE MEETING JUNE 2, 2014

PRESIDENT SCHULMAN: Thank you very much Pastor Morgan. Our next speaker is Steven Silver. Mr. Silver, as always, welcome to Canton City Council. If you'll give us though, your name and your residential address for our record.

STEVEN SILVER: Thank you. Steven Silver. 2007 Kirk Ct. NW, Canton. I also want to speak again about the animal control issue. A lot of you remember me from a couple years ago speaking and thought I was very pro cat, which I am. And I spoke about the cats, but I advocate in my personal life and my professional life, I've always advocated and continue to do, will always do for those who cannot advocate for themselves. Whether it was being a Guardian-Ad-Litem, whether it's working at my job, whatever it is. I feel that animals, whatever they are, deserve the right to live. I emphatically disagree with Kevin Fisher, last council meeting, who said that in trying to catch a cat, he caught 4 other cats and an opossum, and "that's not what city life is to be honest with you", he said. I've lived in this city, and I'm sure longer than Councilman Fisher has, there have always been animals there. There always will be animals there. For every animal that we remove from an urban space, another will take its place. Whether you're a fan of wildlife or not, we must remind ourselves that the ones moving into their nat...we are the ones that moved their natural environment. They deserve a chance to live. If you want to have an Animal Control Officer, then get a plan together. You're big on plans. You're just spending how much money was it to make a plan for the City again, after how many of them. Get a plan. There's a plan that all of you have gotten that Joyce Angerer just gave you. If you don't have one, I've got several copies up here. If you don't want to use this policy and this plan, please get your heads together, think of one. Contact the City of Dayton that just got a \$160,000.00 grant to operate a Trap, Neuter and Return Program. Find something to do with the animals that you catch, and please try to employ the person that would be best suited for this job. Something that will follow State and Federal regulations, not just someone that's doing a gratis turn for you here or there. And I'm not saying anything against anyone, I'm just saying there were a lot of people speaking against the last Animal Control Officer, the last time. All I'd ask you to do is post the position and let a lot of people apply for it and then have a plan. Have a plan of what to do with the animals when we catch them. Whether they're cats, whether they're racoons, whether they're opossums, whatever they are, have a plan and what to do with them. They deserve the right to live, just like you and I. Thank you for your time.

PRESIDENT SCHULMAN: That you Mr. Silver, very much. Our last speaker is James Parker. Mr. Parker, as always, welcome. If you'll give us your name and your residential address for our record please.

JAMES PARKER: As you indicated, I am James Parker. I do reside at 630 Penny St. SE in the city of North Canton. I commend Officer Silver on his remarks and I suggest that they take some of these wild animals and put them on display in a habitat humane to their surroundings in the new Mother Gooseland so that we can all enjoy a little bit of wildlife. I approach you tonight with neither rank nor bitterness, but first I'd like to thank y'ins for...as we say in Ohio, y'ins, for approving Ralph Hay Way, about 8, 9 months back. We're expecting the signage to come up soon. Thanks to the City Engineers, Public Relations Firm, WRL, and Dr. Jim King. You'll notice a QR code on some of the signs that will take you to the Hay for Hall website. There will be a push for Ralph Hay to be enshrined. He's a forgotten pioneer of the NFL. If you notice today's Canton Repository, the 2 NFL players sue the City of Canton for tax dis..., Cleveland, excuse me, for tax discrepancies. My questions that this begs, to Canton is, do the Buffalo Bills and New York Giants pay their share of taxes this year when they play in the Football Hall of Fame game? As I've indicated, Roger Goodell will not have to pay on his \$40,000,000.00 a year projected salary next year because they are a 501.C.6, non-profit, and they don't have to give to charity. They gave \$2,100,000.00 to our \$20,000,000.00 rebuild. Let's

MINUTES OF THE MEETING JUNE 2, 2014

hope they can find at least that much, perhaps quadruple that, for the Fawcett Stadium, if they'd like their name on it since they may not be paying these taxes and this would be an oversight perhaps or some States and Cities do it and some don't. I say we press them for it. Because the NFL themselves are not paying their hotel taxes and things when they pull out their tax-exempt cards, but the teams themselves are probably corporations and the players themselves, and I think this does beg being addressed. Lastly, this Downtown Development Plan of 2013, that came out in May 2014, interestingly it was issued the day after you okayed \$350,000.00, it was withheld from you, claiming they were at the printers, these liars that came to you and got \$200,000.00 that will cover 1 of their salaries. They withheld that report that they could of printed at their business, in their backyard. I don't know who they said they had to send it to, Gutenberg, or something. It came out, finally. Obviously it really doesn't bother anybody, so I'll gloss over that. The new that you just spent, that one was \$110,000.00, so let's look at that one. If you open it up to the area that says Kresge Lot. Which is the Kresge Lot, if you want to call it Market Square, fine. It does need renamed it said. You paid for this information. I came to you a long time ago and said it could be Marion Motley Field. To project on the Renkert Building, Motley, and football images. He also addresses the Renkert Building and says it needs enhancements, which are echoing my sentiments precisely. The Hall of Fame city should have a theme and image to reflect its heritage and self image. Thank you very much. Goodnight.

PRESIDENT SCHULMAN: Thank you Mr. Parker. Ok, that concludes Public Speaks. As always, we appreciate hearing from you and your views.

INFORMAL RESOLUTIONS

PRESIDENT SCHULMAN: We turn now to Informal Resolution #28. Leader.

#28. COUNCIL AS A WHOLE: OPPOSING AM SUB HOUSE BILL #5. - ADOPTED

PRESIDENT SCHULMAN: Leader.

MEMBER MORRIS: Mr. President, I move we adopt Informal Resolution #28.

MEMBER SMITH: Seconded.

PRESIDENT SCHULMAN: It's been moved and seconded that you adopt Informal Resolution 28. Any remarks?

MEMBER WEST: Mr. President.

PRESIDENT SCHULMAN: Member West.

MEMBER WEST: Can we have a layman's... term...under a layman's...what's the word? Description of what House Bill 5 is?

PRESIDENT SCHULMAN: I was actually going to ask the Chief Deputy for the Treasurer's Office, Mr. McEnaney to give us some overview as to what the State is doing to us next.

DEPUTY TREASURER MCENANEY: Mr. President. Members of Council, House Bill 5 is part of the continuing saga in the State and General Assembly to achieve municipal tax uniformity among all of Ohio's

MINUTES OF THE MEETING JUNE 2, 2014

520 plus Municipalities that are ... and villages that are imposing a city income tax. It is an ongoing thing. The last one that made its way through the General Assembly was House Bill 95 in 2003, and it did achieve a lot in terms of municipal tax uniformity but it did it in such a way that it wasn't costing the cities anything. In fact, it was clearly the objective of that was specifically municipal tax uniformity. Here, that are other things at play, there are clearly business interests at play and this legislation has demanded substitute Amended House Bill 5...Amended Substitute House Bill 5, is not at all revenue neutral. In fact, it appears the Treasurer's Office has estimated that this, as it stands, this Amended Substitute House Bill 5, will cost the City of Canton approximately \$750,000.00 a year in income tax revenue. So, it goes beyond simply revenue neutrality. Additionally, if I may, there are a couple of points that I'd like to make. The Treasurer has asked, we send this down to the Ohio Municipal League and there response...almost all, a lot of cities are adopting a similar resolution, to oppose, strong oppose Amended Substitute House Bill 5. Many of them are basing their Resolution on boilerplate language from the Ohio Municipal League or something cool that other cities are doing and so they're throwing it into their Resolution. There are a couple of points in our Resolution, the City of Canton's Resolution that the House Bill has not...excuse me...the Senate Finance Committee has not seen yet and has not vetted yet, we're told by the Ohio Municipal League, and so I would like to take a minute to highlight those for you. The first is in the...one, two, three... fourth Whereas...fifth Whereas. Whereas Amended Substitute House Bill 5 will effectively defeat its purpose of municipal tax uniformity by allowing the addition of a 2% shareholder's insurance premiums either to qualifying wages or to an S corporation's ordinary income for municipal income tax purposes, or both. I'll try to do it quickly because I know when you talk about the taxes, everybody's eyes start to glaze. Essentially, what we've got here is an S corporation is a corporation that has elected, for tax purposes, to be treated as a partnership. Now, when an employee has health insurance premiums paid, and retirements paid, etc, that is not considered taxable employee, compensation to the employee; however, if you're self employed or if you are a partner in a partnership, those premiums paid for your health insurance, or those premiums that are paid for your retirements, etc., those are under your control. That's compensation...you can say, okay, I'm gonna lower my wage by that amount and I'm going to throw it into my retirement and so, as a result for tax purposes, that's considered taxable. Previously, the way it stands after House Bill 5 and 718 of the Revised Code which governs the taxes now, or which sets the standard for the taxes now, the 2% shareholder's insurance premium which is included as wages on the W2, is excluded for municipal tax purposes. It is not part of the qualifying wages and...but...the way that the tax is imposed is on the entity which takes the deduction. The cities then add that back to their ordinary income and tax it to everyone because they've added it back. This Amended Substitute House Bill 5 has taken out the language that..or has included language in the definition of qualifying wages which now will allow this to be included and so some cities are going to and some cities are not and then other cities are going to add it back to the ordinary income and some cities are going to do both. So, essentially, double tax at the same income. That has not been brought up before in the Senate Finance Committee. My understanding is that it was not brought up in the House and so, when we sent this down to the Ohio Municipal League, they said it's not vetted but they're going to have to take a look at this and as a result of that, the Treasurer wanted me to highlight that for the floor that's in Council.

MEMBER WEST: Mr. President. Just real quick.

PRESIDENT SCHULMAN: Member West.

MEMBER WEST: What's the chances of this passing?

DEPUTY TREASURER MCENANEY: Amended House Bill 5?

MINUTES OF THE MEETING JUNE 2, 2014

MEMBER WEST: Yes.

DEPUTY TREASURER MCENANEY: It has been adopted, or...it was amen....House Bill 5 was introduced in the General Assembly and it made most municipal tax authority's heads spin. Not from a lack of understanding, but more of an exorcist spin because it is not revenue neutral and it is, it is achieving much more than simply municipal tax uniformity. As a result, the Ohio Municipal League immediately got involved and there were selected members of the General Assembly, the Ohio Municipal League, and a number of Municipal Tax Authorities through the State and they all negotiated and they said, "look, here are the issues that we have with House Bill 5. These are the ways to fix them", and it was a whole co-operative thing. At the very last minute, House Bill 5 was pulled, it was substituted with something that was not negotiated, and again, is not at all revenue neutral regardless of all the work that had been done...you know...aside. It's now something that's brand new and it did pass the House.

PRESIDENT SCHULMAN: Mayor Healy did you want to make a comment, and then I'll...(Inaudible)

MAYOR HEALY: Thank you Mr. President, and I'll remind this Council that House Bill 5 was introduced over a year ago the General Assembly...the legislature. This was the Bill, just to remind you, that they were trying to collect our income tax at the State level and divvy it back up to us, if you remember that conversation. This body did pass a Resolution opposing House Bill 5 last year, and we are on record along with virtually every other city in the State. And as mentioned, they just came up with a new version of it and now it's an Amended Bill, so this Resolution will actually be addressing the amended version of this. In addition to the collecting taxes at the State level, which were able to fight in the Municipal League at the State level, there was another issue that was out there that basically said that cities like ours would not be allowed to tax people that did not live in the City but worked here. Think about that for a second. If you came into the City for a job but you lived in one of the Townships, we would not be allowed to tax you. That did not make it into this version of the bill; however, they did insert language into the State's...the Governor's bi-annual budget adjustment that just passed 2 weeks ago in the State House, that's requiring our cities to start reporting the exact breakdown between residents that are paying taxes and non-residents that are paying taxes so they can actually see what those dollars are, which is the first step for them trying to take that. So, that's another issue that's in Columbus going on right now, that started from this piece of legislation that is no longer there. This is a horrible Bill for cities and I applaud Council for adding another Resolution with the amended version because we need to stay on top of this because these ideas are destroying our cities. It's just a continuation of cutting the local tax fund and eliminating the inheritance tax, getting rid of the tangible personal property taxes and the continuing attacks on the revenue streams that we have here for local governments. Thank you.

PRESIDENT SCHULMAN: Member Fisher:

MEMBER FISHER: I was just going to take a 30 second crack at the layman's version of that, that was the original question. (Laughter) If I'm not mistaken, this would change the...currently in the State of Ohio if you work 12 days, I believe is the number in the city, on the 13th day, you pay city taxes, this would bump that up to 20. So, if you think about a 5 day work week, you could work in the city for roughly a month and not pay any income taxes on that. I believe I'm correct on that number, I didn't look at the last version...

MAYOR HEALY: And the 20 day issue, you would not pay taxes for the first 20 days, where now you do pay it from day 1, so you would basically be tax-exempt for your first 20 days or 1st month of working.

MINUTES OF THE MEETING JUNE 2, 2014

MEMBER FISHER: It also allows you, Mr. President, it would also allow companies to take an operating loss for 1 year, let's see, buy a large amount of equipment in 2014 and you're gonna take a huge loss, it would require that you can write that off as a loss, carry that forward for 5 years, so even for the next 4 years, if you make money in the City, it would be taxable, you can use those operating losses to reduce or eliminate your taxes for the next 5 years (*Inaudible*). I believe that's the change, I think we have something similar to that, but I don't think it's at that extent. But anyways, 30 second version of trying to answer the layman's answer to that.

PRESIDENT SCHULMAN: Thank you Member Fisher. Well, the bottom line is, \$750,000.00 from our General Fund. We sit here every week fighting about our money; where is it coming from; how are we going to fund anything in the city, including animal issues, which by the way, maybe you guys could go to Columbus and start complaining to them a little bit because they have the purse strings and they're killing every urban area in the State. Finally, it's my recollection, and Mayor, you correct me if I'm wrong, the Senate Finance Committee's Chair is Scott Oelslager. So, we have asked him, as you can recall, and our Clerk is sending it out every week, we've asked every member of the State Legislature to come here as our guest, to explain what they're doing to urban areas in our State. So far, no takers. So, the audience, you voters, Scott Oelslager, he Chairs the Senate Finance Committee. You care about local communities, you care about local issues, well they all come from the State, they all from Columbus, ultimately in Financing and helping us control these local issues. Without the money we can do nothing and it's killing us. So, with that, any other remarks? Hearing...Law Director Martuccio.

LAW DIRECTOR MARTUCCIO: One more issue worth mentioning. You as a ... you as the legislative body of the City of Canton are charged with one over arching purpose, and that's the look after the health, safety and welfare of your constituents and the people who live and use our streets. You are constantly aware of that, you are constantly trying to do that by getting more police and fire, and other offices staffed. Obviously, by the State's diminishing us by several hundred thousand dollars, it compromises your ability to look out for the health, safety and welfare which I think is probably a preeminent home rule issue, but the State will be very careful in this Bill like they were in the Fracking Bill, to say this is a matter of uniform application and statewide importance. That's how the State has begun to chip away at our home rule powers, by saying that certain things should be done at a statewide level because they're uniformly applicable and they're important to every section of the State. I'm not sure what will happen with that, but this seems like another divisive issue between the State government and local governments. Thank you.

PRESIDENT SCHULMAN: Thank you Law Director. Alright, any other remarks? OK, hearing none, by voice vote on Informal Resolution #28, all those in favor signify by saying aye. Those opposed no.

RESOLUTION #28 PASSED UNANIMOUSLY BY VOICE VOTE

PRESIDENT SCHULMAN: The ayes have it. The motion carries and Ordinance 23 is postponed to June 16, 2014. Thank you. Ordinance 24 please.

#24. (3RD RDG) **ADOPTED AS ORDINANCE NO. 108/2014** AN ORDINANCE AMENDING SECTION 181.05, RETURN AND PAYMENT OF TAX; REFUND, AND SECTION 181.15, CREDIT FOR TAX PAID TO OTHER MUNICIPALITY AND JOINT ECONOMIC DEVELOPMENT DISTRICT, OF THE CODIFIED ORDINANCES

PRESIDENT SCHULMAN: Leader Morris.

MEMBER MORRIS: Mr. President, I move we adopt Ordinance #24.

MEMBER SMITH: Seconded.

PRESIDENT SCHULMAN: It's been moved and seconded that you adopt Ordinance 24. Any remarks under this Ordinance? Again hearing none, Madame Clerk, roll call vote please.

MEMBER WEST: Mr. President

PRESIDENT SCHULMAN: I'm sorry, Member West.

MEMBER WEST: Could you explain this in layman's terms, please, for the public.

DEPUTY TREASURER MCENANEY: Mr. President.

PRESIDENT SCHULMAN: Deputy.

DEPUTY TREASURER MCENANEY: City Council has amended the income tax code to include a provision which reduces a credit that a resident taxpayer may take for taxes paid to another city from our 2% tax rate to 1.7% tax. In effect then, on that resident whose working outside the city limits of Canton, imposing an additional .3% tax on that taxpayer's wages. This Ordinance is, for intents and purposes, amending the code back to allow the full credit up to the (*Inaudible*) imposed 2%.

PRESIDENT SCHULMAN: Thank you very much.

MEMBER WEST: Mr. President, so that means....

PRESIDENT SCHULMAN: Yes, Member West.

MINUTES OF THE MEETING JUNE 2, 2014

MEMBER WEST: That means full credit and then they would not be paying any income taxes to the City of Canton, correct?

DEPUTY CHIEF MCENANEY: Well, depending upon their work situation, whether they have jobs in Canton or not, but for that one employee, that resident employee who is only working out...that is correct, his taxes will go to the municipality in which the taxes are imposed up to the 2% that's imposed. Somebody working in North Canton; however, keep in mind, their tax is being imposed at the rate of 1.5%, and they're still remitting to Canton, the additional half percent. We're only talking about those taxpayers who are working in the City where the tax is imposed at a rate of 2% or higher.

PRESIDENT SCHULMAN: Thank you Chief Deputy. Any other comments Member West?

MEMBER WEST: Yes. Just one more quick question. How much does the City stand to lose if we would then grant that credit...under the current budget...or out of the next 2 years?

PRESIDENT SCHULMAN: Chief Deputy can you answer that or not?

DEPUTY CHIEF MCENANEY: Mr. President, Mr. West...I believe the Mayor's office and the Budget Director have placed that estimate at \$400,000.00. The Treasurers' Office...the Income Tax Division has not come up with any estimate. They're neither going to confirm nor deny that because at this point, and given the system that the...our computer system and the data that's being tracked, we can't confirm or deny it. We can extrapolate but, no, we would neither confirm nor deny it at \$400,000.00.

MEMBER WEST: Mr. President.

PRESIDENT SCHULMAN: Member West.

MEMBER WEST: In addressing the health, safety and welfare of the community and we just talked about the State trying to take \$750,000.00 from us for the next year, or whatever. We also talked about having an Animal Nuisance Control Officer, we talked about hiring more cops, we talked about...all the different things that we like to do for the city. We talked about filling potholes, we talked about paving streets. All of that stuff requires money and more money and doing this right now, without having numbers, without knowing what's going to happen in the future, I'm not certain that I can support reducing this. I would like to, at some point, be able to give people a credit and the reciprocity agreement, from what I'm understanding is that other municipalities are also looking at doing the same thing so that they can take care of the health, safety and welfare of their communities. So, that's where I stand with it.

PRESIDENT SCHULMAN: Thank you Member West. Any other remarks under Ordinance 24?

MEMBER HART: Mr. President.

PRESIDENT SCHULMAN: Member Hart.

MEMBER HART: I think the important thing to a lot of people that leave the Canton community because they can't find any other jobs elsewhere, and a lot of these folks, both husband and wife, go wherever they can find a job and when they start paying the extra amounts of money for gasoline, wear and tear on the car, come the end of the month they don't have enough money to buy groceries and this is just returning that little bit of money that they need. There's a lot of people out there who can't afford the extra money.

MINUTES OF THE MEETING JUNE 2, 2014

PRESIDENT SCHULMAN: Any other remarks?

MEMBER DOUGHERTY: Mr. President.

PRESIDENT SCHULMAN: Member Dougherty.

MEMBER DOUGHERTY: Can you clarify a lot?

PRESIDENT SCHULMAN: I think Member Dougherty is asking you, Member Hart, to clarify a lot...

MEMBER DOUGHERTY: ...Where...where are you getting...What..what are your numbers? You're saying there's a lot of people out there. What...what are you basing this on?

MEMBER HART: Member Dougherty I can speak from the food bank at Grace Church, is that we will run into...

MEMBER DOUGHERTY: ...You said a lot of people are leaving...

PRESIDENT SCHULMAN: Well, if you can just let Member Hart answer the question...

MEMBER HART: Yeah, you know, we may get 200 at the end of the month. Probably 60% of those people are gainfully employed, many of them, and again I can say maybe 100 of those are employed out of Canton. They're out there trying to make their house payment, trying to make their rent payment, and at the end of the month, every little cent that they can get, they need. They're just trying to make life go for themselves, and they're the ones who can least afford it and need every cent they can get for working, you know, that 40 hour week. That's all.

PRESIDENT SCHULMAN: Thank you Member Hart.

MEMBER DOUGHERTY: Mr. President

PRESIDENT SCHULMAN: Member Dougherty.

MEMBER DOUGHERTY: I still...we don't know the amount...I still haven't heard where we're going to make that amount up at, so that's what I'm having a little concern about.

PRESIDENT SCHULMAN: Thank you Member Dougherty. Any other remarks?

TREASURER PEREZ: Mr. President.

(TREASURER PEREZ EXCUSED DEPUTY TREASURER MCENANEY FROM HIS SEAT)

PRESIDENT SCHULMAN: Yes, Treasurer Perez. *(Inaudible)*. ...You did, you changed bodies. I thought you were Chief Deputy.

TREASURER PEREZ: ...yeah...You know this is more or less a philosophical difference. Not...I mean, we all know we need the money to survive, but if you look at the Resolution you passed tonight, the \$750,000.00, the \$8,600,000.00 to date, average \$1,700,000.00 per year from the local government fund. The \$828,000.00 per

MINUTES OF THE MEETING JUNE 2, 2014

year from the estate tax, the \$408...\$1,400,000.00 a year from tangible personal property taxes, where...average was \$480,000.00 a year. We are taxing people that are actually chose to live in the city, they chose to raise their kids in this city, for every child that's in that school system get \$4000.00 - \$5000.00 from the State, they put their biggest investment, their home in the City of Canton. Now, since they had to go to Akron or go somewhere else to get a job in order to stay gainfully employed to keep their homes, we are now punishing them with another .3 tenths of a percent interest because they happened to find a job in Akron or Massillon or somewhere else. I guess my problem with it all, and Dave, please, this is not, this is not political, this is just philosophical for me, is Columbus does what they do to us because they can do it. We are becoming Columbus by doing what we're doing because we can do it. We are no different from them if this is the way we go about getting our money. You can't have a certain class or a certain person pay when you have a flat tax out there. Everybody pays equal. It's been that forever. The 1.7% changes the rules. It changes the rules of the people who grew up here, spend their money here, work here, and believe me, there's nobody who wants more police, fire, or anybody on the street, I just think that philosophically, we need to do it fair and above-board, and everybody pay their fair share, and don't put it on someone else that happened to chose to live here and had to get a job somewhere else. That's the only difference that I have with it. Any argument out there makes sense, we need money, we need the police, we need fire, we need service workers, we need the chuckholes filled, but after what the state's done to us and if we would still have that money every year, we would have chuckholes filled, we would have police, we'd have fire, we'd have everything we want. Our argument has to be with our public to their elected officials that are in Columbus, that are passing these laws and just taking cities to the cleaners and this new law on the Resolution tonight is another example of how they're doing it. If there's ever a time for the public to speak up cause we're tired of being taxed, it's tonight and tomorrow and the rest of the week because they're going to continue hitting us until we're bankrupt. And it doesn't matter what we do with this tax, we're never going to cover the money they can take from us, that's why this is down here currently.

PRESIDENT SCHULMAN: Thank you Treasurer. Any other remarks?

MAYOR HEALY: Mr. President.

PRESIDENT SCHULMAN: Yes, Mayor Healy.

MAYOR HEALY: Thank you Mr. President. I certainly appreciate that, Kim...Mr. Treasurer. We have all understand the impact that the State of Columbus, the State of Ohio, what the Legislature of Columbus have had on us and this Resolution that Council just approved a few minutes ago puts us at risk of losing an estimated \$750,000.00. And that could happen on a vote in a week, 2 weeks, 3 weeks from now and make no mistake about it, the Legislature is going to pass a version of House Bill 5. It's just how bad it's going to be for us. There are still significant financial risks facing us that we have to address. That could cut our revenue stream in mid-year, which means the budget that we think we have gets changed on us at the moment. This particular legislation that you're about to vote on will also have an impact on our budget by hundreds of thousands of dollars. I've asked this body to hold off on the vote until we had a chance to have an honest discussion with the votes, the public out there to let them know if we're going to be reducing hundreds of thousands of dollars worth of revenue on an annual basis with the City, what services are going to impacted, what services will not be provided if those monies are not there, or are we going to replace this with some other source, and if we do, whose going to be funding that. So, I'm just concerned that we're taking action because of the philosophical difference but we're not addressing the financial impact of this bill before we vote on it. We need to know exactly the impact it's going to have and how we're going to face those changes in our budget that going to be happening to us. So, I'm very concerned about the action and asking the body to consider these issues before you vote. Thank you.

MINUTES OF THE MEETING JUNE 2, 2014

PRESIDENT SCHULMAN: Thank you Mayor. Member Smuckler.

MEMBER SMUCKLER: Every decision that we make down here impacts whether you want to live in the City of Canton or not. It's evident when we went from 120,000.00 down to barely hanging on at 70,000.00. Now there could be a lot of different reasons for that. But one of the big reasons, and the Treasurer touched on this, how do we market, how do we sell, how do we have an impact of wanting people to live here? And we're telling people that if you live here and work in some of these other communities, we're going to hit you harder. I just don't think that's the message we want to send. We'll get businesses to come in and give them jobs, we'll give them huge tax breaks, but we'll tell people that if you get a job somewhere else, we're going to hit you harder. We make a decision down here weekly. I've been here for 5 months this term, collectively on all the other terms I've never seen so many raises, I've never seen so many new positions created, so now we're just sitting here saying, "Where are we headed folks"? Well I want to package this community a little bit better, a little bit nicer, to want people to live here. You know, President Schulman, I agree with you. We should run water lines all over the place. I used to fight with the old Majority Leader, Councilman Casar, about this. But when you do that, we sell our greatest commodity. We're telling people, "Go live somewhere else, you'll get our water; work somewhere else, you won't have to pay our city income taxes; and you're getting some of the great things". All I want you to do is think about marketing the city in the future. That's what this is all about.

PRESIDENT SCHULMAN: Thank you Member Smuckler. (*Applause*). Any other remarks?

MEMBER WEST: Mr. Chairman.

PRESIDENT SCHULMAN: Member West.

MEMBER WEST: Just real quick, again. I think..where are we going to get the made up money? I mean, at the end of the day even when people leave the City, the income tax that they're not paying, again, we still have the same bill. We still have to pay for the services. And I can...that's what it comes down to for me, you know. I'm a strong support of what Council (*Inaudible*) fought for, for years. You know, all of these employees that work for City, most of them don't live in the City. They live outside of the City. They work here, we get the income tax, we can fill our house with our own employees, but most of them live out of the City. I mean, am I wrong? Look at the numbers. Look at half the police force lives outside of Canton. I mean, if they lived in the City, that would fill a lot of those houses. That's an argument we can have too. But I'm just saying, I passed...or I sent a memo up asking us to do this and responsibly and faze it out over the next few years. But from what I understand, we're just going to take it as it is and I don't think that's responsible. I think we got to look at the numbers and then make that decision. Thank you.

TREASURER PEREZ: Mr. President.

PRESIDENT SCHULMAN: Treasurer Perez.

TREASURER PEREZ: Can you imaging fazing out over the next 3 years, when there's .3 of a percent, then it's at .2 of a percent, .1 of a percent, so the people that are delinquent five years down the road, when they come up, was that a .2 of the year, or .1 a year, what year was that they were delinquent? You have to look at the administrative costs on this. The administrative costs will neglect some of that money that you're anticipating as revenue. By leaving it in for 1 more year, half the year is over, it's a fair way to do it. That's why we thought it was a fair compromise. But to do it the other way would be almost impossible to manage as the income tax, in charge of the income tax department. So, I mean it sounds good on paper, but when you implement stuff, you got to implement it with common sense, and that just won't work. And the second part of your first questions,

MINUTES OF THE MEETING JUNE 2, 2014

your first part...we should be down in Columbus when they have that hearing and we should be down there as a whole testifying before that Committee, raising hell about what they're doing. So, let's get on that bus and let's go down there and say, "That \$6,000,000.00 you took from us, what the hell are you people going to do to get it back for us"? because they're just taking and they're not having this discussion. Here we are talking about \$400,000.00 and they're taking millions from us and we're arguing against each other. That doesn't make sense to me. The argument should be in Columbus and we wouldn't be having this argument here today.

PRESIDENT SCHULMAN: Thank you Treasurer. (*Applause*). Any other remarks? Ok. Hearing none, Madame Clerk roll call vote please.

#24 ADOPTED AS ORDINANCE NO. 108/2014

PRESIDENT SCHULMAN: Thank you Madame Clerk. Ordinance 24 is adopted but not on an emergency basis. Ordinance 25 please.

#25. (3RD RDG) **ADOPTED AS ORDINANCE NO. 109/2014** AN ORDINANCE AUTHORIZING THE CITY OF CANTON TO ACCEPT THE DONATION OF REAL PROPERTY FROM THE CANTON COMMUNITY IMPROVEMENT CORPORATION

PRESIDENT SCHULMAN: Leader.

MEMBER MORRIS: Mr. President, I move we adopt Ordinance #25.

MEMBER SMITH: Seconded.

PRESIDENT SCHULMAN: It's been moved and seconded that you adopt Ordinance 25. Any remarks under this Ordinance? Hearing none, Madame Clerk ...

MEMBER HAWK: Mr. President.

PRESIDENT SCHULMAN: Yes, Member Hawk.

MEMBER HAWK: We're on 25...

PRESIDENT SCHULMAN: Yes...

MEMBER HAWK: I wasn't going to comment on it, but after the debate on the last, I feel obligated to. This is properties being transferred back from the CCIC from the City of Canton. While the CCIC was in holder ship, and owned these properties, the City of Canton, excuse me, our General Fund paid property taxes. Had these properties been held by the City of Canton, they would be exempt. One piece of property sat their for over 2 years. The total cost to our General Fund was \$95,000.00. One piece of property, okay. So when you start talking about real numbers, that's real numbers and all we had to do was transfer it back. So those are factual numbers that you can look up, not numbers approximate, not 300, 400, numbers that we don't know and we

MINUTES OF THE MEETING JUNE 2, 2014

can't get out hands around, our arms around, but factual numbers. That's why I'm supporting this and that's why one of the reasons I had (*Inaudible*) take a look at it.

PRESIDENT SCHULMAN: Thank you Member Hawk.

MEMBER WEST: Mr. President.

PRESIDENT SCHULMAN: Member West.

MEMBER WEST: And I think Hawk needs to be commended because he brought this issue to the CCIC and he's right, we'll save a lot, a ton of money, so I appreciate your efforts.

PRESIDENT SCHULMAN: Thank you Member West. Any other remarks on Ordinance 25? Hearing none. Madame Clerk roll call please.

#26. (3RD RDG) **ADOPTED AS ORDINANCE NO. 110/2014** AN ORDINANCE AUTHORIZING THE DIRECTOR OF PUBLIC SERVICE TO CONVEY CITY-OWNED REAL PROPERTIES, NO LONGER NEEDED FOR MUNICIPAL PURPOSES, TO THE CANTON COMMUNITY IMPROVEMENT CORPORATION; AND DECLARING THE SAME TO BE AN EMERGENCY

PRESIDENT SCHULMAN: Leader.

MEMBER MORRIS: Mr. President, I move we adopt Ordinance #26.

MEMBER SMITH: Seconded.

PRESIDENT SCHULMAN: It's been moved and seconded that you adopt Ordinance 26. Any remarks under this Ordinance? Again hearing none, Madame Clerk roll call vote please.

MEMBER FISHER: Mr. President.

PRESIDENT SCHULMAN: Member Fisher.

MEMBER FISHER: Could I just ask to the Chief of Staff or somebody that...I know we have plans to transfer this out, but if we're closing in on the end of the year, perhaps November, for whatever reason there's a delay on that, could we keep an eye on possibly transferring that back so we can avoid the exact situation that we had talked about a moment ago because the tax bill obviously is generated from 1/1 of that year, and whoever owns it at that time. So just a request...if we get towards the end of the year and it's delays, that we kind of keep that in mind.

MINUTES OF THE MEETING JUNE 2, 2014

CHIEF OF STAFF WILLIAMS: Mr. President.

PRESIDENT SCHULMAN: Yes.

CHIEF OF STAFF WILLIAMS: And as we mentioned in Committee Meetings with these properties, we do have interested parties, that's why we're asking that these properties can be transferred at this time. If for whatever reasons those interested parties become disinterested, we will absolutely come back to council to ask you to accept these properties back.

PRESIDENT SCHULMAN: Thank you Member Fisher. Mr. Hawk, did you want to say something? Any other remarks on Ordinance 26? Hearing none, Madame Clerk roll call vote please.

PRESIDENT SCHULMAN: Chairman Mack.

MEMBER MACK: Mr. President, the Judiciary will meet at the same time, same place.

PRESIDENT SCHULMAN: Thank you. Any other announcements?

MISCELLANEOUS BUSINESS

PRESIDENT SCHULMAN: Turning to Miscellaneous Business. Is there any?

MEMBER HAWK: Mr. President.

PRESIDENT SCHULMAN: Member Hawk.

MEMBER HAWK: Thank you. Today's June 2, 2014. On June 2, 2008, exactly 6 years ago, we passed an Ordinance in this City that made it a crime for high grass and weeds over 8" tall. It has been 6 years today, 2190 days, in that period of time we have mowed, statistics provided, 18,600 lots at a total cost of \$1,200,000.00. We have zero citations. I was graciously invited to a meeting that Frank Morris called the other Friday afternoon in regards to this and I now understand that we're working towards those ends. I'm very proud to see...it took...this finally happening. It took us 6 years but it's finally going in the right direction. I thank everybody who attended that meeting and I hope we get the results we're looking for. Thank you very much.

MINUTES OF THE MEETING JUNE 2, 2014

PRESIDENT SCHULMAN: Thank you Member Hawk. Any other...Member West.

MEMBER WEST: Yes, Mr. President. Just quickly, the...we talked about the oversize and overweight vehicle operations in the city, how big trucks come through the neighborhoods and destroy our streets and our curbs and things like the nature, and the Law Department provided me with, we do have an Ordinance on our books that addresses that, but the question is how do we enforce that. I don't even think that we have weight station anymore.

MEMBER FISHER: Mr. President.

PRESIDENT SCHULMAN: Member Fisher.

MEMBER FISHER: I might be able to help my colleague out on that. It was actually a meeting set in about a week with some of us actually going looking over that exact section of the City Code and trying to re-work that in a way, because honestly, right now what we...and that's of course, you know my day job because I deal with that business. ...is that we subject ourselves to unnecessary wear and tear on our infrastructure. And honestly, we're leaving revenue on the table with this as well, so, it is difficult to enforce the way we currently do it but I think some of those can be looked at and can be changed. I look forward to being a part of that.

MEMBER WEST: Thank you Member Fisher.

PRESIDENT SCHULMAN: Thank you Member Fisher. Thank you Member West.

MEMBER WEST: One more statement. There's...we talked about the CCIC lots and City lots, there's the old McDonald's property we inherit that...I mean we bought that lot several years ago and currently then, if we contract it out to providers that are mowing the lawns, does that include those lots as well, like the old McDonald property and the property that's on McKinley and 9th. The weeds haven't...I mean the grass hasn't been cut yet, so I'm kind of concerned that either the contractors or somebody's dropping the ball on those lots.

PRESIDENT SCHULMAN: Director Bartos.

SERVICE DIRECTOR BARTOS: Mr. President. Any property owned by the City, I'm being told by Chief of Staff Williams, that that is owned by the City, is not cut through this program. The Unions agreed to allow us to have contractors cut non-city owned property but not city owned. So that will all eventually be cut by our City workers.

MEMBER WEST: Okay, and one other statement, actually 2 other statements. One, let me address the...I know I've said a lot about the Animal Nuisance Control Officer and I've always repeatedly said that I do not want to see cats involved in that, but I can't state that enough. My approach to Animal Nuisance Control Officer is to get the wild and vicious animals, so that's where I'm at. So, when people hear me say that for the cat individuals out there, our cat advocates, definitely know that that's the case. And then I wanted to commend Pat Kirk for cleaning up the down...Market Square. The flower beds on Market Square. So thank you for that.

PRESIDENT SCHULMAN: Thank you Member West. Mayor.

MAYOR HEALY: Thank you Mr. President. And this body heard my concerns about this Ordinance #24 on the tax credit reduction. Just to let this body know, I will veto that legislation and I'll send my document to the Clerk of Council shortly. But we have lots to discuss in reference to addressing our taxes and our changes and I

MINUTES OF THE MEETING JUNE 2, 2014

have many concerns about this particular one and I don't think we really were able to address those issues, so I just want to notify Council. Thank you.

PRESIDENT SCHULMAN: Thank you Mayor. *(Inaudible)*. Law Director Martuccio.

LAW DIRECTOR MARTUCCIO: Thank you Mr. President. I've been asked to give the nutshell version of the Veto. In a city, the way legislation works, the Mayor has the right to veto it, provided he does it within, I believe, 10 days and he has to give Council his written reasons for having vetoed it. Council can reconsider it and if they have a sufficient amount of votes to override it, they can override a veto. Without looking, I believe the sufficient amount is three quarters. I believe that would take 8 votes of the elected membership. I can look that up to be sure, but I believe that's my memory.

PRESIDENT SCHULMAN: Great. Thank you, Law Director. Any other miscellaneous business?

MEMBER HART: Yes, Mr. President.

PRESIDENT SCHULMAN: Member Hart.

MEMBER HART: Yeah, later on this week I would hope that everybody takes a little moment of silence and contemplate. I don't want to call it a celebration but you know, many of the greatest generation gave their life on D-Day and you know, to make the world a little bit freer. So, throughout this week just take a little time to say thank you.

PRESIDENT SCHULMAN: Thank you Member Hart, and I noticed you have your arm in a sling. We hope you're back to normal very quickly, and I'm sure your wife is not permitting you to drive that beautiful car.

MEMBER HART: No she didn't and *(Inaudible)*. The pain medication has ...*(Inaudible)*...*(Laughter)*.

PRESIDENT SCHULMAN: I don't know whether to say this but, we didn't notice the difference. *(Laughter)*. That's either a compliment or that was really a good dig. Okay. Leader.

MEMBER MORRIS: Motion to adjourn.

MEMBER SMITH: Seconded.

PRESIDENT SCHULMAN: Moved and seconded to adjourn. Madame Clerk roll call vote please.
