Dear Mayor Healy:

Because you are in a position to recognize talent and character in some young student who can make a difference, Pepperdine's School of Public Policy has set aside a minimum of \$10,000 of scholarship money available annually for each admitted student who is recommended by you and who meets the merit requirements. I have enclosed a nomination form for your use and hope that you will take a few moments to think of exceptional individuals that you would recommend for this opportunity.

The Pepperdine School of Public Policy (<http://publicpolicy.pepperdine.edu>) is a program designed to immerse students in a challenging environment while providing the analytic and leadership tools for students to become agents of change at the grassroots, regional, and federal levels or beyond our borders—to help solve complex questions with ethical policy solutions. The school's environment embraces the classics of literature, philosophy, and economics while giving attention to the full range of opportunities from the federal to community-based public policy challenges.

I look forward to hearing from you and your nominees. Feel free to contact Melinda van Hemert, our assistant dean for admission, at melinda.vanhemert@pepperdine.edu or (310) 506-7493 for more information about the program or the application process. You may return the form by mail, or if you prefer by fax (310) 506-7494.

Thank you for your consideration as we find the very best candidates. A recommendation from you could change a life, which, in turn, could change the world.

Sincerely,

James R. Wilburn
Dean
